

Merion Golf Club Greens Internship

Merion Golf Club is currently seeking motivated students for our 2019 Internship Program who are interested in gaining valuable industry experience.

This is a once-in-a-lifetime opportunity to assist with re-opening our Championship Course after a complete restoration project. Merion Golf Club takes pride in being a great place to work and in developing talent for the industry. The internship will be a rotational position between our two golf courses and include additional education opportunities. We tailor each intern's experience to their career goals, experience level and interests.

Under the supervision of the Superintendents and Assistant Superintendents, interns perform work in all aspects of golf course maintenance. This includes chemical/fertilizer applications and calibrations, integrated pest management, irrigation repair and technology, proper watering techniques.

Interns will also experience our Club's unique *General Manager & Department Manager All-Intern Sessions*. These sessions include interns from each Club department and give interns the opportunity to interact with Club leadership to learn more about Club operations, financials, and other interesting topics. The Club's executive team uses the sessions to impart valuable knowledge and get to know each of the interns individually.

Interns should be able to:

1. Follow oral and written directions
2. Learn and adapt to new job tasks
3. Be proactive in individual and group task settings
4. Learn to lead small crew projects and tasks.
5. Support a professional work environment
6. Exemplify leadership skills, physical and vocally, and lead by example

Previous golf course experience preferred. Students must be enrolled in a 2- or 4-year Turf Management (or related) program.

Merion Golf Club is a private golf club in Ardmore, PA, established in 1896. The Club's internationally renowned East Course has hosted more USGA championships than any other golf course in America, and is home to some of history's greatest golf moments.

On-site housing is provided by the Club as well as lunch and dinner six days per week.

Interested students should email their resume and cover letter to humanresources@meriongolfclub.com for consideration.
