

# WE ARE HIRING

## MOBILE IRRIGATION TECHNICIAN IN NEW JERSEY REGION

Our irrigation service technicians are part of a skilled profession that continues to advance. We work with the latest remote technology, diagnostic tools, and innovative products. Our mission is to support our green industry partners and their irrigation and control needs.

**HIGHLY TRAINED:** We rely on cross team member support, factory training, and individual growth training to stay up with emerging technology.

**CUSTOMER CENTRIC:** Our customers are our partners. We form deep relationships with them and keep their infrastructure running so they, in turn, can do great things for their customers.

**FOCUS ON QUALITY:** Quality service and “fixed right the first time” are cornerstones of our service commitment.

**Interviewing now -  
Immediate opening!**

**CONTINUAL GROWTH:** Everyone on our team is continuing to grow in their career, in their knowledge, and in their relationships.

**MOBILE TEAM:** Our team provides remote and on-site service solutions to make it easy and convenient for our customers.

**BE A DIFFERENCE MAKER:** We are looking for energetic, conscientious, self-motivated, detail oriented, problem-solving individuals who want to be a part of a team that is making a difference.
