Above is our recruiting video (please click the above link above) at Laurel Valley Golf Club designed by golf course architect Dick Wilson and renovated by Arnold Palmer in Ligonier, Pennsylvania (located 1 hour East of Pittsburgh). I accepted in Fall of 2018 the Golf Course Superintendent position at Laurel Valley Golf Club the site of the 1965 PGA Championship, 1975 Ryder Cup, and 2023 Palmer Cup.

I have had past successful internship programs being the Director of Agronomy at Oakmont Country Club and Golf Course Superintendent at Pikewood National Golf Club. We take enormous pride in our internship / graduate program at Laurel Valley Golf Club and feel if a student gives the effort, they will receive far more in return. I take personal responsibility to assure the student couples your institution's educational program with practical, real-world experience.

I have helped place former successful student interns at top notch courses that helped further their careers. Also, we want interns to continue their career growth by joining the Laurel Valley team as an Assistant or assistant in training after the completion of the internship program. My goals for student summer interns are to learn, develop, and leave the internship program with a sense of accomplishment.

The past years we implemented a **\$1,000 signing bonus** upon being hired.

If you need more information, please contact me:

#### **Brett Bentley**

Director of Agronomy & Grounds
