

Clearview Park Golf Course
202-12 Willets Point Blvd.
Bayside, NY 11360

Greens Superintendent at Clearview Golf Course

Clearview Park Golf Course

Founded in 1925, Clearview Golf Course is aptly named for its views of the East River and the Long Island Sound. Located near Little Neck Bay, the course is bounded by the Clearview Expressway, 23rd Avenue, 202nd Street, and Bell Boulevard. Landscape architect Willie Tucker designed the golf course, which lies on gently rolling terrain.

Upon the purchase of this property by the City of New York in 1931, Parks acquired authority over Clearview Park and Golf Course. Between 1935 and 1940, Parks redesigned the entire course and built new club facilities. In 1957, the Tri-borough Bridge and Tunnel Authority acquired lands on the eastern side of the property that it would use for the construction of Clearview Expressway. That year, the installation of a new course drainage system also began.

Today, Clearview Golf Course is a public 18-hole course located about 15 miles from midtown Manhattan. The somewhat hilly course contains both straight, open fairways as well others lined with trees and forest. Clearview is far and away the City's most popular golf course, with roughly 90,000 rounds played each year. It is designed for beginner to intermediate level players, and par ranges from 3 to 5 strokes. The course's signature hole is #17, which is a 395-yard, par 4 hole that offers spectacular views of the Long Island Sound and Throgs Neck Bridge. The course's longest hole is #2 at 473 yards. The facility includes a clubhouse, which houses a Proshop, a snack bar, a lounge/bar area, and an outdoor patio area.

Duties & Responsibilities

- Manage and execute all aspects of turf and landscape maintenance, ensuring the highest standards of course conditioning.
- Develop and implement comprehensive maintenance plans to optimize turf health, including irrigation, fertilization, pest control, and aeration.
- Supervise and lead a team of groundskeepers, providing training, guidance, and support to ensure efficient and effective performance.
- Coordinate closely with the management team to plan and execute course improvement projects and renovations within established budgets and timelines.
- Oversee equipment maintenance, inventory, and procurement to guarantee proper functionality and longevity of tools and machinery.
- Implement sustainable and environmentally friendly practices in course maintenance and management.
- Oversee golf course set up, mowing, water management, cultural practices, irrigation repair, irrigation scheduling, record keeping, fertilizer and chemical applications, mechanical assistance, lead small projects, and moisture management.

Qualifications, Competencies & Requirements

- Extensive Knowledge of Golf Turf Management

Cultural Fit:

- Hard-working, driven individual who is detail oriented.
- Spanish speaking is a plus, but not required.
- Ability to work in teams or individually.

Clearview Park is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, sexual orientation, gender identity, or any other characteristic protected.
